Since 1989, Boys Hope Girls Hope of Arizona has been transforming the lives of low-income, first-generation college students by providing scholarships, academic guidance, enrichment, and resources to help them reach their full potential. We support motivated young people in need from middle to high school, post-secondary education, and career launch. Boys Hope Girls Hope provides the greatest impact by changing the long-term trajectory for young people, connecting them to opportunities for economic and social mobility they may not otherwise have.

Meet Nancy!

Nancy was just 11 years old when she joined the Boys Hope Girls Hope (BHGH) program in sixth grade. Coming from a hardworking but struggling family, her parents had always emphasized the importance of education but lacked access to the resources needed to provide her with opportunities beyond their means.

But it wasn't just the academic support that made a difference—it was the encouragement and sense of belonging. She found role models in her mentors and has built lifelong friendships with fellow scholars who shared similar challenges and dreams.

"Being the first in my family to earn a college degree means everything to me. I want to show my family that all their hard work and support have paid off, and I want to show my siblings that anything is possible if you have hope and work hard."

Nancy's story is just one of many, showcasing how Boys Hope Girls Hope creates a foundation for scholars to thrive, ultimately transforming not only their lives but the lives of those around them.

We invite you to join us as a sponsor for our upcoming breakfast event, an inspiring gathering that highlights the transformative impact of Boys Hope Girls Hope. Together, we can make a lasting difference in their lives and our community. Partner with us to fuel this incredible work—because every child deserves a chance to thrive!
